Dear State Delegates,

I am writing this letter to publicly endorse Frank Mylar for Attorney General. I have known Frank for 20 years. Frank has defended the Box Elder County Sheriff's Office multiple times in cases lasting years. We have spent countless hours working together through discovery, depositions, Federal Court and even a Utah Supreme Court hearing. With Frank's knowledge and intelligence, we won all of our cases. He is considered an expert in law enforcement and corrections law throughout the state and teaches on law enforcement himself.

Frank has conducted himself as the ultimate professional in every situation I have been in with him. He is one of the most genuinely nice, thoughtful, and caring persons I have ever met. That combination of expertise combined with compassion are perfect for the decision making required for the office of Attorney General. Frank has earned my vote.

Thank you,

A handwritten signature in black ink that reads "Kevin Potter".

Kevin Potter  
Box Elder County Sheriff
